

Interview Consent Form

I understand that I am participating in a study to determine the demand and usability requirements for a mobile application. I fully understand that my participation in this study is completely voluntary and that I am free to withdraw from the interview at any time without providing a reason. I understand that this interview will be transcribed, and that the transcript for this interview will not identify me by name. I agree that information obtained from me in this interview may be stored and used for the purpose of future research without the need for further consent from me.

I freely and voluntarily consent to participating in this interview.
